This incentive program is funded by the Victorian Government through the Goulburn Broken Catchment Management Authority and facilitated by Up2Us Landcare Alliance.

The program offers a rebate of chemical and/or labour of 50% of costs up to \$350.00 maximum. This rebate is only available for the purchase of woody weed specific chemicals and contract services. Please send this together with your invoice to the address listed or via email.

Each year we will try to provide this incentive for our landowners, however grants are increasingly difficult to access. Up2Us hopes that you will be able to benefit from this incentive in the short term and we look forward to working with you in the future.

If you have any queries regarding this incentive program or Landcare in general, please contact Rhiannon Quigley on (03) 57791593 or email on landcare2@up2us.org.au.
